

Save money with Clark Electric incentives

As a co-op member, you once again have the opportunity to earn incentives through energy efficiency measures into the new year. Members have already earned thousands of dollars over the years, and this year Clark Electric Cooperative will offer much of the same. You can control your energy costs by making your home as energy efficient as possible through lighting, appliances, heating and cooling, and more. As a member of Clark Electric Cooperative you may also qualify for Focus on Energy rebates. Visit their website at focusonenergy.com for available rebates.

Here are some of the incentives directly available through Clark Electric Cooperative:

- Energy Star Appliances
- Geothermal Heat Pumps
- Air-source Heat Pumps
- Lighting
- Electric Vehicle Charging Station
- Water Heaters – Electric (participation in load management required)
- Commercial & Industrial Equipment
- Agricultural Equipment

For qualifications, forms, and a complete list of our rebates please visit our website at Cecoop.com, Some restrictions may apply.

CAN YOU HELP US FIND THESE FORMER CLARK ELECTRIC MEMBERS?

The following members have capital credit refunds due them, but their whereabouts are unknown. If you know the address of anyone on this list, please let us know at Clark Electric Cooperative, 1209 W Dall-Berg Rd., P.O. Box 190, Greenwood, WI 54437, (715) 267-6188 or (800) 272-6188. If we cannot find these members, the unclaimed capital credits will be forfeited and assigned to the Federated Youth Foundation to be used for scholarships and other educational programs.

GEOTHERMAL

It's all about the SAVINGS

Geothermal heat pumps don't create energy—they move the energy that's already there. That's how a geothermal heat pump can be 300–500% efficient! With a THERM GEO ground source heat pump, you can harvest the sun's energy stored in the earth and save big dollars on your heating and cooling bills.

- Save up to 70% on your energy costs
- Increase the resale value on your home or business
- Additional \$750 Focus on Energy Rebate may be available to qualifying existing homes while funds are available.

Check out our heating and cooling maintenance programs starting at \$99
