

# **Schedule A – Single Phase Service (Rate Code 78, 80, 88)**

## **Class of Service**

Single phase, alternating current, at available secondary voltages.

## **Availability**

Availability to all members who require single phase service through a single meter is subject to the terms of the membership application approved by the Board of Directors and subject to the established rules and regulations of the Cooperative.

## **Monthly Prices**

|  |               |               |                      |
|--|---------------|---------------|----------------------|
| Transformer Size                                   | 1.5-10 kVa    | 15 & 25 kVa   | 37.5 kVa and Greater |
| Fixed Charge                                       | \$40.00/month | \$44.00/month | \$49.00/month        |
| All Energy Summer (June, July, August consumption) |               |               | \$.1270 per kWh      |
| All Energy Winter (Dec, Jan, Feb. consumption)     |               |               | \$.1120 per kWh      |
| All Other Months consumption                       |               |               | \$.1070 per kWh      |

Where multiple services receive service from one transformer, all service locations receiving service from said transformer will receive the lowest Facility Charge under this rate schedule.

## **Minimum Monthly Price**

The minimum monthly charge, under the above prices, shall be the facility charge associated with the size transformer required for providing service to the corresponding location.

## **All Rates**

Minimum applies 12 months per year even when disconnected. If meter is removed billing will stop. However, when service is reconnected a bill will be rendered for months not billed. This applies to services disconnected for up to 2 years.

## **Billing**

The bill is the amount computed when applying the facility charge, the power cost adjustment and the above price to the number of kWh's consumed. All applicable charges including, but not limited to, security lighting, load management devices, taxes, and commitment to community charge shall also apply. Bills are rendered on or about the 5th day of each month. The bill becomes delinquent if not paid within 20 days of the billing date after which a late payment charge shall apply.

When payment is made after the due date, a late payment charge is added. The late payment charge will be 3% of the current portion of the unpaid billing.

When service is connected or disconnected the monthly facility charge shall be prorated for the number of days available.

### **Budget Billing**

The terms and conditions of the Cooperative's Budget Billing Program are contained in Clark Electric Cooperative's Governing Policies – Policy 500, Section V, 1-D.

### **Taxes**

Any taxes, based on revenue from the sale of electric energy which the cooperative is required to collect will be itemized on the bills and subject to the same terms of payment as are the energy charges.

### **Purchased Power Cost Adjustment**

Purchased Power Cost Adjustment Rider 1
